PROJECTS

Personal Portfolio Website, [Github](#) / [Demo](#)

- Developed a responsive single-page portfolio using HTML, CSS, and JavaScript, achieved full mobile responsiveness and ensured cross-browser compatibility.
- Implemented reusable components for projects, GitHub activity, and contact forms, reducing code duplication by 30% and improving scalability.
- Optimized performance with lightweight scripts and image compression, cutting load times by 40% and serving 500+ visitors during launch.

E-commerce Website, [Github](#) / [Demo](#)

- Built a full-stack e-commerce app using React.js, Node.js, Express, and MongoDB, ensuring responsive and scalable performance.
- Implemented product listing, real-time chat, and vendor dashboards, boosting engagement by 40%.
- Optimized backend APIs, reducing response times by 25% and supporting 200+ concurrent users.

CERTIFICATES

- NPTEL-Elite Certification on Internet of Things – [View Certificate](#).
- Hacker Rank JavaScript (Basic) Certification – [View Certificate](#).
